

# SENIORS

It is difficult to believe that we, as students, are passing through Dearborn High's doors for the last time. Remember the days when we first entered... bewildered freshmen then...proud seniors now. The transition has been gradual. .how can it seem so sudden? We have grown in many ways, particularly because we have shared together our work, learning, good times and bad. As each has played a part, each has profited.

We look now to the future, imbued with wonder, doubt, hope, and ambition. The responsibilities and opportunities ahead present a great challenge...far larger doors than the ones behind us... but what ever may come, we will hold in common the friends we have made, the things we have learned, our memories of high school. For now, Dearborn High is a part of us, and we are a part of Dearborn High.

# June Class

Ham Robichaud  
President

Evelyn Peterson  
Vice President

Kris Kaestner  
Secretary

Dick Schmuck  
Treasurer

Ham Robichaud, the president of the senior class, presides over the meetings which are held bi-monthly. He may call additional meetings should the need arise. Evelyn Peterson is vice-president and takes over in the absence of Ham. The minutes are recorded by the secretary Kris Kaestner and then put on the senior board for those interested. Dick Schmuck keeps the withdrawals and deposits straight in the capacity of treasurer.

One student from each September 11A and 12B grade groups constitutes the Senior Council. Their purpose is to organize and plan money-making projects, to decide on suggestions from the grade groups, and to represent the 11A and 12B classes. They are the uniting force between the two classes in selling at games, paper drives, and any other activities which the money-making committee is to find new profitable ideas. They also encourage class participation in these activities.
